die bedeutung dynamischer strategien für unternehmen findet in zunehmendem maße beachtung arno antlitz entwickelt ein modell das kompetenzbasierte Überlegungen mit dem transaktionskostenansatz und organisationalen lernprozessen verbindet

evidence in context explains the key concepts of evidence law in england and wales clearly and concisely set against the backdrop of the broader social and theoretical contexts it informs students of the major debates within the field providing an explanation as to how and why the law has developed as it has this third edition has been expanded to cover the field of civil evidence alongside its traditional criminal focus it has also been thoroughly revised and updated to take into account recent developments in the law and the considerable amount of case law that has emerged since publication of the previous edition this edition includes a new chapter structure with new chapters on the adversarial trial and suspect evidence updated features include self

test questions and advice on further reading at the end of each chapter key learning points which summarise the chapter as well as highlighting the most important issues new and updated chapters on topics such as adversarial trial witnesses and suspect evidence addressing the evolving case law on subjects such as hearsay and bad character which were overhauled in the criminal justice act 2003 this book is an essential purchase for anyone studying evidence law

this new edition of mental health social work in context continues to be an authoritative evidence based introduction to a core area of the social work curriculum grounded in the social models of mental health particularly relevant to qualifying social workers but also intended to familiarise students with social aspects of medical perspectives this core text helps to prepare students for practice and to develop their knowledge around promoting the social inclusion of people with mental health problems the changing context of multidisciplinary mental health services an integrated evidence base for practice and working with people with mental health problems across the life course including new material on proposed reforms to mental health and mental capacity legislation this book also contains major revisions that focus on the statutory and policy contexts of social work practice as well as ongoing changes in the organisational frameworks for the delivery of services and implications for the social work role this fully updated third edition is an essential textbook for all social work students taking undergraduate and postgraduate qualifying degrees and it will also be invaluable for practitioners undertaking post qualifying awards in mental health social work

the gothic began as a designation for barbarian tribes was associated with the cathedrals of the high middle ages was used to describe a marginalized literature in the late eighteenth century and continues today in a variety of forms literature film graphic novel video games and other narrative and artistic forms unlike other recent books in the field that focus on certain aspects of the gothic this work directs researchers to seminal and significant resources on all of its aspects annotations will help researchers determine what materials best suit their needs a research guide to gothic literature in english covers gothic cultural artifacts such as literature film graphic novels and videogames this authoritative guide equips researchers with valuable recent information about noteworthy resources that they can use to study the gothic effectively and thoroughly

thesis m a from the year 2007 in the subject american studies literature grade 2 00 university of göttingen language english abstract let them be sea captains if you will margaret fuller stated in her main work woman in

the nineteenth century woman 346 although even nowadays there may be only few female sea captains the quoted statement would hardly provoke anyone at least not someone in our contemporary western culture however when regarded in its historical context two questions arise firstly what underlying gender concept encouraged fuller to make such a statement in a time of excessive gender polarization bomarito vol2 1 a time in which the ideal of domesticity and republican motherhood freedman 25 determined the role of woman and secondly how did antebellum american society react to such statements the first question will be the main issue of part iii the main part of my work i will begin with fuller s general gender concept that involves ideas of androgyny and the degendering davis 182 of language next the major influences on her concept namely those of transcendentalism with special consideration of emerson goethe fourier and swedenborg will be dealt with lastly i will consider how fuller applied her concept to the specific fields outlined in chapter ii that is marriage education and economy i will concentrate on her main work woman in the nineteenth century because fuller describes her gender concept there in most detail whereas her other works such as summer on the lakes do not contribute much additional information that is of special significance for the understanding of her gender concept this is especially true in the case of her memoirs which was heavily edited and censored by emerson and others it rather distorted fuller s reputation as urbanski states 5 therefore i will only occasionally refer to them whenever they provide further information that is relevant to my topic regarding t

in this introduction to literary criticism the major critical theories of literary interpretation historical formal reader response mimetic intertextual poststructural and new historical are presented in separate chapters that include detailed introductions theoretical essays that explain and argue the value of each theory and applications essays in which the theories are applied to the same three literary works william shakespeare s the tempest kate chopin s the awakening and william wordsworth s ode intimations of immortality wordsworth s and chopin s works are included in the book

the contributions in this book bring together a representative array of conceptual and methodological approaches in the study of communication gender and sex roles they map out the possible range and terrain of the theme communication gender and sex roles in interpersonal organizational cultural and applied interaction contexts

this reference provides access to a broad balanced and representative collection of ancient near eastern texts

that are part of the colorful background to the literature of the hebrew bible
